

## Changes to Affect Marketplace Enrollees Outside of Alabama

The Center for Medicare and Medicaid Services recently informed the PCI Health Department that we no longer have the option to assist Tribal Members and their families with Marketplace enrollment outside the state of Alabama. This decision is due to the fact that Navigators within each state receive funds from the federal government to assist and enroll consumers. This change includes Tribal Members in North West Florida and South Eastern Mississippi. We have included a list of state assistors or Navigators for your convenience.
