Fax: (251) 368-0827

MEMORANDUM January 2, 2018

TO: ALL TENANTS

FROM: PCI HOUSING DEPARTMENT

SUBJECT: COLD WEATHER/PIPES

.....
As you are all aware, we have had very cold temperatures going below zero and expect several more days of the same.

We have been contacted by the Facilities Department and they advised us to contact all tenants and advise everyone to keep your hot water and the cold dripping in one area of your unit. You do not have to keep all faucets dripping.

This will need to be done when the temperatures get below freezing to help with your pipes not busting and being without water.

If you should have any questions or concerns, you may reach the Housing Department at 251-368-9136 ext. 2252.
