

Dennis Begos Scholarship

Welcome to Dennis Begos Scholarship

Dennis Begos is tremendously firm when it comes to his commitment to helping or assisting the talented, brilliant, and intelligent students with financial challenges, as they do not hail from rich backgrounds or families.

Dennis Begos is a talented and trained doctor, who started this awesome scholarship program to help poor students to realize their educational goals and stand out from the rest.

Dennis Begos is appreciated for his helping and empathizing approach, committed to providing financial assistance to the most talented student in the United States. He is well-liked in his profession because of his noble ideas and efforts to help the poor students in the country.

At the same time, **Dennis Begos**, a successful doctor, understands that higher education in America is the ethos of building an accomplished and bright career in the coming days. Bearing this part in mind, **Dennis Begos** has come with an excellent idea, which is the **Dennis Begos** Scholarship Program with the gracious and dignified objective of helping students shine out and enroll in a reputed college in the US. It is the key to the success of candidates so that they can come as winners with excellence with outstanding results in their exams.

Dennis Begos is fully aware of the fact that shelling out expensive tuition fees for higher studies is next to impossible for those students, who do not come from affluent families. To be honest, students hailing from mediocre families in terms of wealth are forced to opt for huge educational loans compared to their counterparts hailing from rich backgrounds, who do not have any problem financing their higher studies. That is why **Dennis Begos** Scholarship was created in the first place, which is a merit-based and performance-oriented reward for students so that they are not made to repay the amount, like when they take education loans at a high rate of interest from banks or financial institutions.

The **Dennis Begos** program is simple one-time financial assistance for the most talented and deserving student who becomes the winner of the essay titled, '**Why You Should Learn CPR and How it Benefits People in Case of a Cardiac Emergency**'.

The **Dennis Begos** Scholarship is meant for the economically deprived and needy students in America, who want to pursue higher studies in the country. He is aware that the cost of tuition at any of the private colleges or universities in the country offering medical or any other higher courses for that matter is beyond the reach of the poor students. The cost of higher education in the US is frightening, most of the time; it involves a sequence of 5-digit figures. Therefore, it is not possible for those students who come from poor families in the country.

There are also differences in the fees when it comes to state and out-of-state students; anyway, the cost is abnormally high and beyond the rich of the middle-class community in America.

There is another problem, a candidate pursuing an advanced course or degree in a college, the annual fee will shoot up about 2.4 percent at private educational institutions on an average and at least 3.2 percent in any of the popular colleges in the country.

The cost related to higher education in the US are skyrocketing consistently, the students, therefore, are compelled to opt for some sort of financial aid. Therefore, **Dennis Begos** Scholarship comes as a monetary aid to the students, who cannot afford higher education in America. The **Dennis Begos** program is, therefore, offering the prize amount of \$1,000 to the most deserving and talented student in the country.

Requirements

The student would need to complete a couple of requirements when applying for the **Dennis Begos** Scholarship, however, the candidate needs to be the most gifted and deserving student. The student should be in a high school or college that is associated to a US-accredited or recognized university or college.

The most talented candidate must be a sophomore, freshman, or junior enrolled now at a recognized college or university.

The **Dennis Begos** Scholarship must require students to write and submit an essay on the topic, **'Why You Should Learn CPR and How it Benefits People in Case of a Cardiac Emergency'**. Word count should be 800 words.
