

## **UK CONTACT NUMBERS SCHOLARSHIP PROGRAM**

### **Your future is calling: \$1000 scholarship for promising young minds**

The UK Contact Numbers website is one of a kind. We provide our users in the UK with the updated contact numbers and fast call connection service for most of UK's government services. We also include popular companies in our service list. Very recently, we have introduced our on-demand call recording service. This will enable our users to record important calls for future references. For example – if you are talking to a customer service agency, you may want to record the details of further inquiries and processes for any reimbursements.

We provide critical contact numbers for some companies including [TalkTalk](#), [Vodafone help line](#), [Virgin Media Helpline](#), [EE Helpline](#), [River Island Customer care](#) and at least a hundred more. This calls for advanced database management and smart data services. We have always banked on our DBAs and RDBMS to keep the information updated. Now it is your turn, to turn our heads. This is your chance to win a whopping USD 1000 scholarship for your brilliant idea.

### **What do you have to do?**

Send in your application by the deadline. Make sure you have a video format and an accompanying transcript underlining the following topics –

- How can companies like us improve our data systems?
- How can we integrate machine learning and big data with our daily services?
- How can the customer care companies become more reachable for the common people in the UK, US and around the world?
- How can services like ours become more affordable across the world without any compromise in quality of services?

Do not forget to include your inspiration for this project. Also, let us know why you think you should win this scholarship.

Make sure your video is interesting, informative and original. It should address all the questions we have asked above. Do not forget to include your full name, contact details, school name, year, target college(s), college name (if you are already a grad) and your ambitions in the application.

Send in your applications at [scholarship@ukcontactnumbers.org.uk](mailto:scholarship@ukcontactnumbers.org.uk) only. Do not send it to personal emails and customer care emails of the UK Contact Number site. Make sure you send in one application only, with complete information. We will not entertain multiple applications from the same candidate.

### **Qualifying criteria for the application process**

The eligibility criteria for the application process –

- You need to be a senior in any high school in the USA, or you need to be an under graduate or graduate at an accredited USA institution.
- You need to be in possession of a high school diploma at the time of application, or you can be expecting to get one by the end of 2018 school year.
- You need a minimum 3.0 GPA.
- You have to be a citizen of USA for applying for this scholarship program.

Once we select the winner, we will verify all credentials before granting the scholarship to the individual.

### **Who will win?**

According to UK Contact Numbers Scholarship Association, the application that turns out to be the most interesting, creative and promising will most likely win the scholarship of USD 1000. This will hold true only if it meets all the aforementioned eligibility criteria. Make sure your video is original. Copying other's work will automatically lead to disqualification. You can include animations, illustrations, and references to published case studies to make your application more informative and intriguing.

Our representatives will contact the winner directly via email. If the winner does not respond to the selection committee's email with a given time limit, we will select the next best applicant for the \$1000 scholarship.

### **What can I use the money for?**

You can use the money to pay your tuition fee at college or university. The college or university has to be recognized by the education council of the USA. You can also spend the money for allied educational expenses within the USA.

### **How many students will win the scholarship?**

We are currently awarding only one (1) high school senior, college undergraduate or graduate the entire USD 1000 for their studies.

### **Is the scholarship renewable?**

This scholarship is only for the 2018-2019 school year. It is non-renewable and non-transferrable.

### **Important dates for all applicants**

Here are a few dates all interested applicants must remember –

Date the application process begins: March 2018

Date the application process ends: 31 March 2018

The date for the announcement of the winner: 15 April 2018.

We will accept applications till the midnight of 31 March 2018. Any application reaching us after the deadline will be voided.

**Important note**

Do not send us application via paper documents or the postal service. Only send your application in amicable video formats accompanied by your cover letter, preferably in Doc or PDF format for the application process. The UK Contact Numbers will not consider any application that comes via post even if it meets all other qualifying criteria.
