Attention Tribal Members: Lab and X-Ray Services Available to you

We're striving to improve and give the best quality of healthcare here at the Health Department. We would like for you to remember the services that we offer right here in Poarch, at no additional cost to you. We have a Laboratory that can perform almost any blood test that can be ordered. Also, we have a Radiology department that performs X-RAYS and Ultrasounds. When you go to specialists and they order bloodwork and/or radiology services that we can offer here at the Health Department, kindly ask them if you can have them done here.
We'll be glad to fax them the results. The time it takes us to get results is fast, and we'll be glad to perform those services. We want your business and are here for you! Call us at 251-368-8630 if you have questions.
