Fourth of July Celebration

Fireworks lit up the night sky!

The sky lit up with amazing colors as the Tribe's annual Fourth of July Celebration came to an end. Although the fireworks themselves only lasted a short thirty minutes, hours of planning and organization went into the event. We would like to say a special "Thank You" to the Tribal Council, staff, volunteers, and the Poarch Volunteer Fire Department and others who may not have been mentioned, for without them this event would not have been a success.

Tribal Chairman Buford L. Rolin welcomes crowd.

The night started with live music from Rex Baggett and Friends. After Buford Rolin, Tribal Chairman, welcomed the crowd to the festivities and offered up a prayer, David Gehman stepped up as Emcee and kicked off the night by inviting Megan Flurnoy to sing the National Anthem. After the National Anthem Medicine Tail performed a Flag Song. The Tribal

Poarch Creek Indian Tribal Member Provides Artwork for NRCS 2006 American Indian Poster

July 17, 2006 – Auburn, Ala. — Lori Sawyer, a member of the federally-recognized Poarch Band of Creek Indians, was the winner in an art contest for the 2006 American Indian Poster which will be distributed by USDA-Natural Resources Conservation Service (NRCS) in November 2006 during American Indian Heritage month. The painting is entitled, "Gifts of Mother Nature" and features American Indian children playing in Magnolia Branch near Atmore, Alabama. Each year, artwork from native artists from around the country is used to create the poster. Distribution of the poster is a part of the month-long event to celebrate the uniqueness and important contributions of American Indians and Alaska Natives. Approximately 20,000 copies of the poster will be distributed to NRCS offices and to Native American Tribes throughout the United States.

Sawyer was born in 1965 in Atmore, Alabama, and holds a BS degree in Business Administration from the University of West Florida. Sawyer is the Marketing and Public Relations Manager for the Poarch Creek Indians gaming enterprises in Alabama. Sawyer says, "I am proud to be involved in promoting the good works of the Tribe and creating opportunities for economic development in our rural community." She previously worked as a Marketing Manager in the telecom industry and as a Management

Chairman returned to the stage with a short speech and introduced the Tribal Council and reigning Princesses. Next came entertainment from Jacob Byrd, Sandy Shuttlesworth, Brandon Johnson, Carley Hetrick, Jessica Tullis, and Megan Flurnoy.

Col. Charles Lowrey, ANG, Ret. served as guest speaker; his presentation was moving and heartfelt. He closed with the following poem that speaks to each of us in turn.

THE SOLDIER

It is the soldier, not the reporter, who has given us freedom of the press.

It is the soldier, not the poet, who has given us freedom of speech.

It is the soldier, not the campus organizer, who has given us the freedom to demonstrate.

It is the soldier, not the lawyer, who has given us the right to a fair trial.

It is the soldier, who salutes the flag, who serves under the flag, and whose coffin is draped by the flag, who allows the protester to burn the flag.

By Father Dennis Edward O'Brien, USMC

Lee "Lavan" Martin, Commander, WFW, Post 7016, and Aubey Stanley, Commander, American Legion Post 90, lead the military salute to all veterans, past and present and invited any veteran in attendance to come forth. Each branch of service was recognized with the booming of the canon on loan from Pepsi. Medicine Tail also performed a Veteran's Song to honor

the veterans.

Music from Kim McGhee and Fields McGhee, along with an encore from Jacob, Sandy and Brandon, and Rex and his band brought us to the fireworks display. The fireworks this year seemed so much more beautiful than in years past. They were quite a sight to see and I can't wait to see how Ronnie and the fireworks team top them next year. We hope to see your there!

In closing, most of you know that there was an incident at the down at the "battery" where the fireworks were set up and that a member of the team was injured. In lieu of breaching any confidentiality, I can tell you that the

individual was treated at a local hospital and released, and is doing fine.

From the Chairman

It has been a big transition moving from the position of Health Administrator, where I managed one program and supervised the day-to-day operations of the Health Department, to the position of Tribal Chairman, where I have assumed the responsibility of all Tribal programs, including Economic Development, Tribal Development, and Law Enforcement, etc. I am honored that the Tribal Council selected me to serve in this capacity; I am indebted to them and to our People. I will need guidance and help from each of you and ask that you be patient with me during this transition period.

I have been employed with the Tribe for over 23 years, back from the time when there were only six employees. At that time the only other Tribal employees of the Health Program were Assistant Health Director Carolyn Davis, Secretary Lori (Crocker) Findley, and three outreach workers, Olivette McGhee, Gloria Fowler, and Kitty McGhee. It was our task to do an assessment of the health needs of the Tribal Members in the five county service area that had been established by Congress. For those of you who may not know, our five county service area includes Mobile, Baldwin, Monroe, and Escambia County in Alabama and Escambia County, Florida.

After the original Health Plan was developed and implemented, we began providing clinical services in September of 1985, with medical needs addressed by a Nurse Practitioner. At that time the clinic was housed in the St. Anna's Building. We have expanded since that time and now have a full medical staff, including a Physician, Nurse Practitioner, and LPNs. We also offer services such as Community Health, Pharmacy and Dental. Special funding and grants have helped us in implementing our Breast and Cervical Cancer and Diabetes programs. Our current health facility, which originally encompassed 8,500 square feet, has expanded to over 16,000 square feet. It has been an honor and a privilege for me to be a part of this growth.

It is my goal to meet with each program director to get a good working knowledge of their program/department. I hope to provide assistance in all areas, including expansion.

Economic Development and Gaming are expanding every day. It is my hope that all Tribal Enterprises and Tribal programs will expand as well. It is our goal to provide jobs for Tribal Members and residents of the local community.

I would like to say that I am very pleased with the relationship the Tribe has established with the Natural Resources Conservation Service (NRCS). Jointly we are working on an Emergency Watershed

Tribal Chairman Buford L. Rolin

Project at Magnolia Branch. NRCS has just selected Ms. Lori Sawyer, one of our own Tribal Members, as the winner of their annual poster contest. Twenty thousand (20,000) copies of the poster will be printed and distributed by NRCS to Tribes and governmental offices across the nation. Congratulations Lori, this was really quite an accomplishment.

In closing, I would again like to say that I appreciate the confidence that the Council and community has placed in me. I am honored and look forward to the challenge. I feel that the day-to-day operations of services from Health, Tribal Court, EPA, etc. will continue to operate sufficiently and grow, thereby enhancing the quality of life for our Tribal Members. We have dedicated staff on board that is more than capable of providing the services available.

Please feel free to give Tierney Lancaster, Special Assistant, a call at (251) 368-9136 ext 2200 if you would like to meet with me to address any concerns you may have. It is my hope that prior to coming to me you will have succeeded in addressing any concerns with the appropriate program director, but if not, my door is open.

Thank you.

Analyst in Washington DC. She and her husband Tom returned home following the birth of their daughter Sara, in order to raise Sara among close extended family.

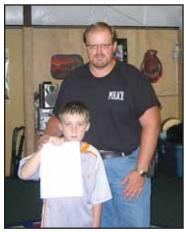

Sawyer has always been fascinated with southern culture, traditions, foods and oral histories, and currently serves as President of the Alabama Folklife Association. With the support of a federal grant from the Administration for Native Americans, she documented the history of segregated Indian Schools in Escambia County Alabama for the Poarch Creeks. In 1993, she illustrated the book "Grandmother Five Baskets," named "Most Notable Trade Books in the Field of Social Studies for 1994" by the National Children's Book Council. Jefferson Davis Junior College exhibited a collection of her black and white photography titled, "If I Tell You My Story, Can You See Through My Eyes?" In 2004, Tributaries, the Journal of the Alabama Folklife Association, published her intergenerational story of family traditions, "Roots Running Deep: Picking Mayhaws."

Sawyer has traveled extensively in the United States, Western Europe, and Japan, experiencing food and art, and curiously observing and comparing everyday lifestyles and customs. Her favorite activities include cooking, enjoying good conversation with family and friends and listening to their life stories, relaxing at the creek, and enjoying quiet time in a book store with a cup of coffee.

NRCS provides free technical assistance to help people conserve, maintain, and improve natural resources and the environment. Alabama landowners have access to NRCS technical assistance through a local county office.

Drug and Alcohol Awareness Program Presented to Summer Youth Program Participants

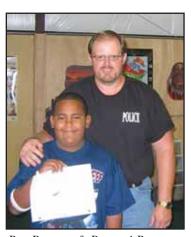

Be drug and alcohol free; that is the message Rex Baggett, Investigator, gave to the participants of the Summer Youth Program. To finalize the two week program Public Safety sponsored a poster contest. CJ Linam placed first, winning \$20. Baccari Ramer placed second and won \$10. Breann Rolin won \$5 when she placed third. Congratulations to each of the poster winners, and remember, stay drug and alcohol free!

Along the Creek

Summer has been very busy at Magnolia Branch. Not only have swimmers and campers made this a popular place to be this summer, major reconstruction is going on. As mentioned in last month's article, the Tribe is working on a joint Emergency Watershed project with Natural Resources Conservation Services (NRCS). There are about seven sites that will be claimed, most of them along Big Creek Road, the road that runs from the entrance to the pavilion area. In one area, a road approximately 525 feet long is being constructed to help with this project and reclaim some of the area that has been washed away. Culverts are being put in and rip pap is being used along the banks to help control the water flow. Approximately 2600 tons of rip rap will be used in this project. The project is just about complete and we all look forward to the growth of indigenous trees and plants in those areas.

Five new campsites have been constructed near the shower area which will allow for more campers to enjoy the facilities. Billy Smith, General Manager, feels that the Reserve is doing very well on "word of mouth" advertising. It won't be long before advertising on billboards and the Internet takes off and brings in even more clientele. "The campsites are just the tip of the iceberg." Billy says. He said that he would like to add at least one more pavilion. Magnolia recently acquired some playground equipment from the Escambia County School System and they will be set up near the existing pavilions.

A dam is also in the planning. Once the dam has been constructed there will be a large lake that will accommodate water recreation vehicles such as paddle boats.

That is about it for this month; hope to see you along the creek.

Culverts and rip rap are part of the NRCS Emergency Watershed Project.

Campsites are available throughout the Reserve

Family Services Department Adult Services Program

By Delila Anderson, Adult Services Coordinator

THIS IS IMPORTANT INFORMATION FOR ALL TRIBAL MEMBERS AND THEIR FAMILIES WHO ARE ON MEDICAID.

Dear Tribal Members:

I have received information from the "Centers for Medicaid Services." I am passing this information on to Tribal Members so that if you find yourself having any problems with getting the documents needed for proof of citizenship and identity, you can give me a call and I will try to help you with obtaining the documents you may need. Below is the list of documents needed:

URGENT - PLEASE READ!!

Effective July 1, 2006, the Deficit Reduction Act (DRA) of 2005 requires states to document United States citizenship and identity. All applicants, whose applications are processed on or after July 1, 2006, who declare themselves to be United States citizens must provide proof of citizenship and identity in order to be approved for Medicaid. All current recipients who have declared they are United States citizens will have to provide Medicaid with proof of United States Citizenship and Identity at the time of their annual review of eligibility in order to remain eligible for Medicaid. Applicants and/or recipients who cannot provide such documentation after a good faith effort, may request further guidance from their Medicaid eligibility worker. This policy does not apply to aliens who have not declared themselves to be United States Citizens. Please include proof of your citizenship and identity when you send in your application, renewal or annual review form.

Documents Needed for Proof of Citizenship and Identity

Each person must provide either: one item from List A, or

one item from List B and one item from List C.

List A. These documents establish citizenship and identity:

 A United States passport, or a Certificate of Naturalization (DHS Form N-550 or N-570), or a Certificate of Citizenship (DHS Form N-560 or Form N-561).

List B. These documents establish citizenship only:

- A Certified United States birth certificate,
- A Certification of Report of Birth (Form DS-1350), Consular Report Of Birth Abroad (Form FS-240), or Certification of Birth Abroad (Form FS-545),
- A United States Citizen Identification Card (Form I-179 or Form 1-197),
- An American Indian Card with a classification code "KIC" (Form 1-872),
- A Northern Mariana Identification Card (Form I-873),
- A Final Adoption Decree with the child's name and United States place of birth,
- Evidence of civil service employment by the United States Government (before June 1, 1976)
- Official Military record of service showing a United States place of birth (example, Form DD-214).

and

List C. These documents establish identity only:

- A state-issued driver's license (within the United States) with a photograph of the individual or other identifying information of the individual such as name, age, sex, race, height, weight or eye color,
- Identification card issued by the Federal, State, or Local government (within the United States) with a
 photograph of the individual or other identifying information of the individual such as name, age, sex,
 race, height, weight or eye color,
- A United States Military card, Draft record or Military dependent's identification card,
- A school identification card with a photograph of the child (for children under 16, school records may include nursery or day care records),
- A United States Coast Guard Merchant Mariner card,
- A Native American Tribal document or Certificate of Degree of Indian blood or other United States American Indian/Alaskan Native tribal document (must have photograph or identifying information).

All documents must be either originals or copies certified by the issuing agencies.

Copies or notarized copies may not be accepted.

Medicaid eligibility will not be awarded until required documentation is provided.

A Community Need

This article is written at the request of Helen Hallman and addresses what she feels is a major need in our local community. Not knowing quite how to say it or exactly what to call it, Helen would like to know if there are families in the community that would like to form a bereavement or hospitality committee/club that would step in to provide food and other necessary needs for families during the loss of a loved one.

The community pulled together when Helen's brother Fred passed away, but the response to the loss of loved ones of others in the community has not always been the same. It seems that the same individuals always step up and help out and can always be counted on in time of need. However, our community has grown to the point that a more organized method of assistance is needed.

Helen says that this is not a Tribally sponsored committee/club, it is something that lies heavy on her heart that she feels she should address. She is open to suggestions and would be glad to hear from anyone who is interested. Please feel free to give her a call (251) 368-1029.

Birthday Wishes

We would like to wish Kinzie Rackard, who turned four (4) years old on July 2nd, a happy birthday. Kinzie celebrated her birthday with friends and family at Tom Byrne Park with a Disney Princess party.

Poem by: Phadrah Kloetzke

Mere actions can't bring comfort true No words could pass your grief

I can only stand and be here with you And pray for sweet relief

Though hidden from your ear to eye You may not see her here

And though your heart may ever cry For you she's always near

For all the ones who love us deep Forever in our hearts we'll keep

The ones we hold so dear.
