THE BROWER YOUTH AWARDS

[Apply here!](#)

Earth Island Institute established The Brower Youth Award for Environmental Leadership in 2000 to honor renowned environmental advocate David Brower, who was quoted as saying "I love to see what young people can do, before someone old tells them it's impossible." It is with this spirit that we recognize the outstanding leadership efforts of young people who are working for the protection of our shared planet.

Eligibility

Youth environmental change leaders ages 13 to 22 (as of May 1, 2019) living in North America (including Mexico, Canada, some Caribbean Islands) and US "Territories" are encouraged to apply. Our application deadline for submission is **Wednesday, May 1, 2019, at 8:59 p.m. Pacific Standard Time**. The link to the application is at the bottom of this page. Connect with us on [Facebook](#), [Twitter](#), or [Instagram](#) for updates.

Award Details

Each of the six recipients of the Brower Youth Awards will receive a \$3,000 cash prize, a professionally produced short film about their work from an Emmy award winning film crew, and flight and lodging accommodations for a week long trip to the San Francisco Bay Area.

During their stay in California, the recipients will participate in a coaching, visioning, leadership activities, speaking and media engagements. We invest in their continued success by providing ongoing access to resources, mentors, and opportunities to develop leadership skills. The week of activities culminates in the awards ceremony in front of more than 800 guests in San Francisco on October 15, 2019.

Application Process

All applications must be completed using our online process. Please notify us well in advance of the deadline if you foresee any problems with submitting an application online.

You must complete your own application. Parents, friends, mentors, teachers, etc. must not complete it for you.

In addition to meeting award eligibility requirements and following all instructions to complete the online application, each applicant must submit:

- Photograph of yourself
- If you are a finalist, you will be asked for a letter of support from someone who is familiar with you and your environmental work (*cannot be from a parent or guardian*)

Please contact us well in advance of the deadline for support with the submission of your application or clarifying questions by emailing: bya@earthisland.org. Applications will be accepted until 8:59 pm Pacific Standard Time on May 1, 2019. Applications submitted after the deadline due to technical issues will not be accepted.

We review all applications and an external panel of judges vets all semi-finalists. If you are selected as a semi-finalist, we will request a Skype Video Call with you. Finalists will be notified by June and a letter of recommendation will be required from someone who is familiar with the finalists' work. All Brower Youth Award applicants are notified of their status by August.

What We Look For

Applicants are assessed on the following criteria:

Outstanding Youth Leadership

You played the major leadership role in creating, organizing and implementing your project or campaign(s).

Issue & Approach

Your project is applying fresh solutions and approach to relevant environmental challenges.

Project Impact, Scalability, & Replicability

Is the project's impact significant? Can your work be used as a model for other communities or campuses?

Charisma, Personal Commitment & Trajectory

POARCH CREEK EDUCATION JUNE 2019 SCHOLARSHIP LIST

What draws you to this work? What would winning the Brower Youth Award mean to you?

A Few Tips

Leadership:

The Brower Youth Awards are looking to recognize the leader of a group or an effort. While we will consider applicants who are implementing individual efforts, it is our tendency to focus on leaders of groups and efforts.

Research and science fair projects:

Many research and science fair projects are individual and/or one-time efforts. As such, they are difficult to compare to the leadership of on-going projects. We will not consider applicants who are implementing research and science fair projects, unless it is part of ongoing environmental efforts involving a larger group.

Earth Day and one-time conferences:

We understand the impact and necessity of Earth Day, conferences and one-time gatherings. However, we typically will not consider one-time gatherings for the award, unless the event produced long-term measurable impacts in which you have continued to play a significant leadership role.
