*Students and community members can learn more about the District Accreditation Process at [www.advanc-ed.org](http://www.advanc-ed.org).*

### **State Restrictions**

Students interested in pursuing post-secondary education within their state should check with the state to understand the requirements. States may impose requirements for receiving state financial aid. For example, an online high school diploma may not be recognized by some colleges and universities within a state to receive financial aid. It is recommended that students check with a specific institution for any specific restrictions—this is particularly important for residents of New York and New Jersey.
