Tell your friends and neighbors about **Point Broadband's** arrival! Get connected to **FAST, RELIABLE, HASSLE FREE INTERNET.**

Before we can get started, we need to make sure we have enough customers in our service range to make a go of it. We are accepting commitments **starting today**. A commitment includes a reservation fee of **\$25** to be applied to the cost of installation once service capability has been confirmed by **Point Broadband** for each customer.

Those who commit first will be the first customers to receive internet services from **Point Broadband**, and an agreement from **Point Broadband** to receive a full refund if **Point Broadband** does not begin installation services for committed customers prior to 45 days after the 30th customer is signed up and deposit collected.
