

It is with deep regret that I am sending this notice. As of January 1, 2019, our office will no longer see the general public. At that time we will only see Poarch Band of Creek Indians Tribal Members, 1st generation under the age of 19, and those that are on the Tribe's employee health insurance plan (VSP & UMR).

You have the right to receive copies of your health information. In addition, we will be glad to send charts (with signed records release) to whomever you choose to further your eye care needs. Those that are in my care for cataract post ops will continue their care here if they are within their 90-day global post op period; after that we will have to transfer your care. I know there will be many concerns. You can reach me at (251)368-9136 ext. 2403. Please leave a message and I will get back to you as soon as possible.

Below I have included a list of providers in the vicinity that you could choose to further your care.
