

## DENTAL CLINIC

### 2 Is too late!

If you are the parent of a Tribal Member or 1<sup>st</sup> generation child 2 years old or younger we would like to see them in the Dental Clinic! Children who start seeing a dentist early (as soon as they get their first tooth in) have fewer dental problems than those who wait to visit the dentist. So please come see us today for a quick exam and a fluoride treatment. **NO APPOINTMENT NEEDED!!!**

Dental Clinic: (251) 368-9136 x2385
