

COVID-19 Vaccine Announcement

THE POARCH CREEK INDIANS HEALTH DEPARTMENT CONTINUES TO OFFER COVID-19 MODERNA VACCINES FOR ADULTS AGES 18 AND OLDER.

This includes:

- 1st dose
- 2nd dose 28 days after 1st dose
- Booster dose 6 months after the 2nd dose

Please note that in moderate to severe cases of immunocompromised patients only, there is a 3rd dose available to be administered 2 months after the 2nd dose. Only a small number of individuals will fit into this category and you will be screened for eligibility at the time of scheduling if you are requesting the 3rd dose vaccine less than 6 months after your 2nd dose.

ALSO AVAILABLE IS THE PFIZER PEDIATRIC COVID 19 VACCINE FOR AGES 5 - 11 YEARS.

This includes:

- 1st dose
- 2nd dose 21 days after 1st dose
- No booster required for ages 5 – 11 years at this time

**·IN THE FUTURE, TO BE ANNOUNCED,
THE PFIZER VACCINE FOR AGES 12-15
YEARS AND OLDER WILL BECOME
AVAILABLE AND AN ANNOUNCEMENT
WILL BE FORTHCOMING WHEN TO
BEGIN SCHEDULING ALONG WITH
